**SPLASH OUT** | An impressive speedboat outing

## **RIB Voyage on the River Thames**

London's RIB voyages are ideal for dads – the inflatable speedboats go pretty fast and swerve around lots but that's as action-packed as it gets. You board at the London Eye with ten other passengers and then go on a river tour down the Thames, with a guide telling you what's what and who lived where. It takes just under an hour. Dads who like boats and trivia will be happy.

**£52 for two adults, [www.londonribvoyages.com](http://www.londonribvoyages.com)**
